The Carroll Institute
Athletes Sprucing Up

Revival of Interest in All Branches Since Dr. Reilly Took Charge—Cross-Country Run on New Year Day.

The president and board of directors of Carroll Institute have every reason to feel proud of the good work that has been done by Dr. Joseph A. Reilly, formerly of Georgetown, since his relationship as physical director with the institute began, on November 29 last. In that time he has made it evident that he is an adept at all branches of sport, and, being especially acquainted with all of the inside workings of running the institute, feels that it is capable of taking care of itself in any part of the amateur athletic world. Coming to the institute with the fine record that Reilly established for himself in annexing the record for the indoor one-quarter-mile to his laurels, he is also further competent as a football authority, as the success which attended his efforts in developing the team at Georgetown this fall show.

Harvard Drill.
In the gymnasium, the drill that Reilly has inaugurated is that in vogue at Harvard under Sergeant, with various modifications such as have been found necessary considering the changes and environments. This system is thoroughly familiar to Reilly, and he believes that it is the best known method of developing the body. To uphold this contention he points to the fact that the Harvard men are the holders of the strength records.

From now on every branch of sport will receive its proper attention, and particular stress will be laid on the importance of getting men into running events. Imbued with this idea, an open cross-country run, which has been in contemplation for some time, will be held on New Year Day. The course will begin at the clubhouse on Tenth Street, and the entire distance will be seven or eight miles. The finish will be in front of the clubhouse in order to give the members of the institute an

opportunity to see their confreres breast the tape.

Many Candidates.

The first practice run was held on Friday last, and in response to the general call over sixty men reported. They went up Tenth Street and out Massachusetts Avenue, to Scott Circle, where a turn was made, and the run ended at the gymnasium. As this was the first of the season, the candidates were only sent over a mile and a quarter, but from now on the length of the runs will be increased to fit the men for the big event on New Year Day.

The basketball team is practicing regularly and will soon be ready to give its usual good account. More uniform team practice is being insisted upon, and already the men are feeling the benefits. Nearly all the team will be taken out on the nightly cross-country runs in order to improve their wind. A trip to Baltimore is being thought of by the gymnasium authorities, and when this trip is taken a large coterie of rooters will accompany their team to help the good cause.

Sprinting Material.

In the sprinting line there are some men who are showing up well, and in bringing these men out Dr. Reilly has hit upon the scheme of having potato races. Nightly the gymnasium is the scene of many spirited contests. The length of these races is about thirty yards.

The classes in drill have been large, particularly among the younger element of the gymnasium, and the juniors are, on the afternoons allotted to their use of the gymnasium, put through relay races as well as individual races. On the nights set apart for bowling the league which meets on the bowling alley, located in the basement of the clubhouse, is fast increasing its popularity. There are some strong teams and it is hoped that they will be ready to meet outsiders in the near future.

Lured Away From Home,
Child Kept in Slavery

Lulu McLaughlin Detained Eighteen Months. Found Working in a Stable—Father Dead, Mother Broken With Grief.

NEWARK, N. J., Dec. 10.—After an absence of more than eighteen months, during which her father died and her mother's hair grew white from grief, Lulu McLaughlin was restored to her home tonight.

On June 15, 1900, the girl disappeared. Most diligent search failed to reveal her whereabouts. She was found by mere accident at Manville, in the Catskill Mountains. She was doing mental work around the farm of a Mrs. Elizabeth Rooke.

The case will be closely investigated by the police. Much that seems hardly credible now will probably be explained in the near future.

So far as could be learned today the girl was detained against her will after having been lured away from home.

Guide Tells of Child Slave.

The first news of the whereabouts of the child reached the local police through Howard Wines, a Catskill guide, who was in this city a few days ago. He informed Captain Adams, of the fourth precinct, that a Mrs. Minnie Coxall, of New York city, had told him a strange tale of a little girl slave at Manville.

Investigation showed that Mrs. Coxall's informant was a member of the family of Pastor Wasson, of the Manville Baptist Church.

On the strength of this statement warrants were sworn out for "John Doe" and "Jane Roe." Armed with these, Detective Sergeant Cordally started for the Catskills a few days ago. He returned today with little Lulu. According to his report, he found the child on Mrs. Rooke's farm, doing stable work far too trying for her strength.

Woman Resisted Child's Release.

The woman first refused to let the child go. When threatened with arrest she finally consented to have her taken back to her family.

The child says that shortly before her disappearance Mrs. Rooke, who formerly lived in Newark, offered to take her to the country, but cautioned her not to tell her mother anything about it. A few days later Mrs. Rooke's daughter, a Mrs. Hummel, took the child to Plainfield, and from there by a circuitous route to Manville. All entreaties on Lulu's part to be permitted to go home again proved vain.

Cuban War Pensions
Yet Unpaid by Spain

Bureau Has No Money, But King Alfonso Directed That Cash Be Produced Forthwith by Hook or Crook.

MADRID, Dec. 10.—King Alfonso has been only recently informed that the pensions of many of the retired officers who fought in Cuba and in the Philippines during the American war have not yet been paid. The King has now issued orders that this matter be attended to forthwith.

It is understood that the delay was due to lack of funds in the pension bureau. It will be necessary to make special provision in order to comply with his majesty's order.

REST FROM LABORS

Western Union Messengers Strike for Every Other Sunday Off and for Dismissed Associates.

A strike was declared last night at 10 o'clock by the bicycle squad of Western Union Messenger Boys.

A petition, which was signed by nearly every boy riding a wheel, was presented, stating that they would not return to work unless the company would allow them every other Sunday off, instead of every third one.

Another demand was that certain boys who had been discharged, be reinstated. The Western Union people would not discuss the matter, but it was hinted that the messengers would accept the opportunity of returning under the previous agreement.

This is the second attempt on the part of the boys to have every other Sunday free.

CLEVELAND WINS OUT
BEFORE COMMISSION

Gets Players Gettman, McAllister, and Vinson—New Rule for Minor League Clubs.

CINCINNATI, Ohio, Dec. 10.—Chairman Garry Herrmann, of the National Baseball Commission, handed down two decisions today.

Cleveland's claim to players Gettman, McAllister and Vinson was O. K'd and their names ordered stricken from Buffalo's reserve list.

An amendment to the National Agreement will be offered ordering minor leagues to immediately strike from their reserve lists names of players whose releases have been sold to major league teams.

The commission refused the Brooklyn club a rehearing of the case in which it was fined \$100 for playing the Youngstown, Ohio, ineligible. Brooklyn must pay.

ROOT AND DORLON
WON SIX-DAY RACE

Finish Most Sensational Ever Known.

STOL MADE GAME EFFORT

Took Lead in Seventh Lap, But Could Not Stand Pace—Keegan and Logan Fourth.

MADISON SQUARE GARDEN, New York, Dec. 10.—Edward F. Root, of Dedham, Mass., and Oliver Dorlon, of Sheepshead Bay, N. Y., won the great international six-day bicycle race which closed at 10 o'clock tonight over the ten-lap track at Madison Square Garden before 10,000 enthusiasts. Root finished for his team and Johann Stol, of Holland, finished for the team of Vanderstuyt.

The finish was as sensational a mile race as was ever known. Root came out for his final effort some time before the start of the last mile was announced by the firing of a gun. Then Stol came out for his team and the pair rode slowly round the track, just crawling, and that was all. The crowd started to yell "Root, Root, Root!"

Stol Took Lead. The gun was fired and Root was away in the lead by twenty yards; Stol, with a smile on his face, following. For five laps they rode in that position and then Stol closed slightly. In the seventh lap the pace quickened, and in the home stretch Stol jumped down to the pole and went by Root like a shot. Root was after him in a flash, and finishing the ninth lap the pair came neck and neck. It was a hard fight, but Root finally pulled away from Stol and won by fifty yards.

The yell that went up for the winners will go down in history. Stol and Vanderstuyt were also cheered heartily. Root's mates ran around the track like wild men, each carrying bottles of champagne.

Last Year's Record Broken.

The distance ridden was 2,386 miles and 6 laps. This was about 100 miles ahead of last year's record.

The third team, Samuelson and Williams, "The Mormons," was not forced to ride for its position, being alone in third place, a lap back of the leaders. Then came Keegan and Logan, another lap back and fourth.

The spirit for fifth place between Floyd Krebs, of the Krebs and Fogler combination, and Jean Gougoltz and Pete Breton, of France, was just like the first, and was won by the Krebs.

The seventh and last race was won by Louis Metting, of Belgium, and Charlie Turville, of England, who took back of the winners.

After the close of the race the teams paraded with flags and rode the track, and were given an ovation, such as six-day riders have not known since the day when Teddy Albert Schock.

TRAPPER EASILY WON
PRELIMINARY DERBY

Took Feature Event at New Orleans From Field of Ten at Odds of Two to One.

THREE CHILDREN BURNED
TO DEATH ON RANCH

KIRWIN, Kan., Dec. 10.—Three children of Charles and Anna Smith perished today in the burning of their house. The Smiths, who reside on a ranch, were to Kirwin this morning to do shopping, leaving four small children home. During their absence the house caught fire and three of the little ones were burned to death.

POTOMAC SAVINGS BANK
PAYS 3 PER CENT INTEREST

The Potomac Savings Bank of Georgetown has recently issued a little booklet dealing with the advantages of its system of banking. The bank pays 3 per cent interest on money deposited to savings account, and also does a banking business, carrying commercial and private accounts subject to check.

It states that the growth of its business is already beyond expectation, and increasing steadily. The officers and directors of the institution are all well-known in this city, and should establish confidence that any accounts placed with the Potomac Savings Bank will be safely guarded to the interests of all concerned.

GIRL AROSE AND LEFT
HOUSE BEFORE BREAKFAST

When Della Smallwood arose in Joseph A. Lewis' home, 60 L Street northeast yesterday morning, everyone else was asleep, and she is alleged to have stolen \$45 from a trunk and left before breakfast.

Lewis reported his loss and Detectives Horne and Warren arrested the girl last evening. "She was sent to the House of Detention, where she will be held pending a hearing in the Juvenile Court tomorrow."

CHRISTMAS JEWELRY STOCK.

Dearborn & Sons, Jewelers, of Alexandria, Va., is the firm that has taken the old Hopkins business. From all appearances they will considerably increase the volume of its transactions in a very short time. Any one desiring to purchase diamonds can be assured they deal with a firm that thoroughly understands its business. The Christmas stock is one of the finest displays shown in Alexandria.

SAVE THE CHILDREN.

Scarlet fever is unknown in countries where cow's milk is not used as food, hence milk from unsanitary stables may contain the poison producing it.

Milk is also known to have caused epidemics of DIPHTHERIA, TYPHOID, and other EXTERIOR DISEASES.

A proper and simple precaution consists in

SCALDING MILK
(Don't boil it)

for children and invalids—and scalding will not affect its digestibility. After scalding, keep cool and covered.

A regular diet for children on condensed milk is inadvisable.

SOCIETY FOR PREVENTION OF SICKNESS.
We favor a stringent law prohibiting the sale, or use in ice cream, of any CREAM not Pasteurized.

NEGRO FOUND ALMOST
FROZEN IN SNOW PILE

Police of the Fifth precinct last night found George Jordan, a negro, twenty-four years old, lying in the snow pile in front of 123 Quander Street southeast, with a long, deep cut on his head, and almost frozen to death.

It is believed by the police that the man was injured in a fight with Edward Hopkins, and the last named negro was arrested after Jordan was taken to the Providence Hospital to have his injuries dressed.
